The screenshot displays the SPC Connect web interface. At the top, there is a blue header with the Vanderbilt logo on the left, the SPC Connect logo and tagline 'Get Connected, Take Control' in the center, and the user name 'Rasmus Herdal' on the right. Below the header, the main content area is titled 'List of Panels'. It features a search bar and a table with the following columns: Panel Name, Panel Address, Online (Last Communication), User Access, Edit, System Summary, and Remove. A single row is visible for 'SPC Connect' with a status of 'OK' and a last communication time of '08:24:27'. Below the table is a 'Register a Panel to your Account' section with input fields for 'Panel Registration ID', 'Panel Username', and 'Panel Password', followed by an 'Add Panel to Account' button. The footer contains links for 'Product Portfolio', 'About Us', 'Press', 'Terms and Conditions', 'Privacy Policy', 'Server Status', and copyright information for Vanderbilt International.

The screenshot displays the 'Add Panel User' configuration page in the SmartEye SPC Connect web interface. The page is titled 'Add Panel User - [SPC Connect]'. The left sidebar shows navigation options: Panels, SPC Connect, Panel Settings, System Summary, Events, Log, Panel Users, Panel User Profiles, and Live Video. The main content area is divided into several sections:

- User Settings:** Includes input fields for User ID (0), User Name (User 5), First Name, Last Name, User PIN, Email, Language (System Language), Date Limit, Alarm Access, and User Image. A 'Choose File' button is present for the User Image field, with 'Upload Image' and 'Clear Image' buttons below it. A note states: 'The User Image must be a .jpg image with a max size of 4104304 bytes. The image will be stored with maximum dimensions of 640x480 and will be reduced to fit this size.'
- User Profiles:** Features four radio button options: Standard bruger (checked), Lokal Admin, Administrator, Begrænset bruger, and Adgangs Bruger.
- User Attributes:** Includes a 'User Attributes' toggle switch.
- Access Control:** Includes an 'Access Control' toggle switch.
- Custom Search Fields:** Contains four empty input fields for custom search fields.
